Re: WT Docket No. 07-195 – Notification of Oral Ex Parte Presentation

Dear Ms. Dortch:

On May 21, 2008, Michael Meece of The Meece Group, LLC, on behalf of M2Z Networks, Inc., had a telephone conversation with Chairman Kevin Martin discussing the status of the AWS-3 proceeding. Pursuant to M2Z Networks' prior comments in the AWS-3 docket, Mr. Meece discussed the need for technologically neutral mobile-to-mobile emission limits in the AWS-3 band. Mr. Meece also reiterated M2Z's position that the technical service rules for the AWS-3 band should be similar to those found in recent Commission precedents of the Upper 700 MHz band and 2.5 GHz BRS/ EBS proceedings making the band well suited for the delivery of wireless broadband services to consumers.

Pursuant to Section 1.1206(b) of the Commission rules, an electronic copy of this letter is being filed. Please let me know if you have any questions regarding this submission.

Sincerely,

A handwritten signature in black ink, appearing to read 'Uzoma Onyeije', with a long horizontal stroke extending to the right.
